Important Messages

Paying Interest: You have a 24 to 30 day interest-free period for Purchases provided you have paid your previous balance in full by the Payment Due Date shown on your monthly Account statement. In order to avoid additional INTEREST CHARGES on Purchases, you must pay your new balance in full by the Payment Due Date shown on the front of your monthly Account statement.

There is no interest-free period for transactions that post to the Account as Advances or Balance Transfers except as provided in any Offer Materials. Those transactions are subject to interest from the date they post to the Account until the date they are paid in full.

Explanation of Calculations

This is a monthly reconciled NEM statement. Your Total NEM Charges are shown in the table below.

YTD NEM Charges Before Taxes		\$27,952.84
YTD Non-Bypassable Charges	6,188.79	
Previously Billed NEM Charges		-24,546.30
Total NEM Charges		\$3,406.54

Calculation details: Each monthly billing period, you will see your YTD NEM Charges, which represent the total charges for energy used, net of any credits for energy exported to the power grid. Each month, the amount owed will be determined by the charges and credits you accrued since the beginning of your Annual True-Up period. The Annual True-Up process allows you to use credits generated in a given month to offset charges across other monthly billing periods within the year. The amount owed in a given month or True-Up period, however, cannot be lower than the sum of your YTD State Mandated Non-Bypassable Charges. In addition, generation is always charged, if positive.

To calculate what is owed in a given monthly billing period, the greater of the following Year-to-Date (YTD) charges accrued since the start of your Annual True-Up period is determined:

1) YTD NEM Charges Before Taxes (inclusive of Generation Charges¹)

All Previously Billed NEM Charges within the current Annual True-up period are subtracted from your Total NEM Charges. If your Previously Billed NEM Charges are greater than your YTD NEM Charges, you will see a credit to your account.

Fixed charges and demand charges are billed separately each month and cannot be offset by NEM energy credits.

In addition, this is your True-Up statement and the last bill in your True-Up cycle. Accordingly, all charges and credits will be reset to zero on your next billing statement.

¹ Generation Charges are commodity costs related to energy usage. You can go to pge.com/electricrates to find the generation component of your electric charges.

² Refer to the Details of NEM Charges page in this bill for more information about the State Mandated Non-Bypassable Charges.

Additional Messages

The State Mandated Non-Bypassable Charge (NBC) is calculated based on your energy usage and is relevant to determine the True-Up amount. This charge includes the following fees: Public Purpose Programs, Nuclear Decommissioning, Wildfire Fund Charge and Competition Transition Charge. The NBC Net Usage Adjustment is to ensure that you don't pay for NBCs twice.

REPORT TO THE BOARD

Meeting of: June 16, 2026

SUBJECT: *Approval of an Updated Legal Services Agreement with Lozano Smith*

PREPARED BY: Matthew M. Lear, District Counsel

ATTACHMENTS: Attachment 1 – Lozano Smith Legal Services Agreement (2026)

RECOMMENDATION:

That the Board approve an updated legal services agreement with Lozano Smith to continue serving as general counsel for the District.

BACKGROUND AND REASON FOR RECOMMENDATION:

The District and Lozano Smith originally entered into the existing Legal Services Agreement on or about September of 2009. Over the past 16 years, the Agreement has remained substantially unchanged, including the rates for legal services.

The proposed updated Legal Services Agreement would revise the rates for legal services in order to reflect the current market for such services being provided to public agencies and special districts, while allowing Lozano Smith to continue serving as legal counsel to the District.

At the previous Board meeting on May 19, 2026, the Board made a counter to the rates provided in the updated Legal Services Agreement. Lozano Smith has considered the Board's request and revised the rates as demonstrated below.

FISCAL IMPACT:

The current Legal Services Agreement (2009) provides the following rates:

- Attorney services - \$165.00 per hour
- Law clerks and Paralegals - \$100.00 per hour.

The updated Legal Services Agreement (2026) would increase those rates as follows:

<u>Attorney Services:</u>	<u>07/01/2026</u>	<u>07/01/2027</u>	<u>07/01/2028</u>
Partner	\$240 per hour	\$280 per hour	\$305 per hour
Senior Counsel	\$235 per hour	\$275 per hour	\$300 per hour
Associate	\$225 per hour	\$245 per hour	\$275 per hour
Paralegal/Law Clerk	\$180 per hour	\$190 per hour	\$195 per hour

The updated Legal Services Agreement (2026) also contains an annual increase of four percent (4.0%) in each rate category referenced above beginning **July 1, 2029**.

ALTERNATIVES:

- Request revised terms of the updated Legal Services Agreement (2026).
- Direct staff to seek requests for proposals for legal services.

ACTIONS FOLLOWING APPROVAL:

Upon approval by the Board of Trustees for the District, the updated Legal Services Agreement would begin July 1, 2026.

Attachment 1

AGREEMENT FOR LEGAL SERVICES

THIS AGREEMENT (“Agreement”) is effective July 1, 2026 (“Effective Date”), between the MADERA COUNTY MOSQUITO AND VECTOR CONTROL DISTRICT (“Client”) and the law firm of LOZANO SMITH, LLP (“Attorney”) (each a “Party” and collectively the “Parties”). Attorney shall provide legal services as requested by Client on the following terms and conditions:

1. **ENGAGEMENT.** Client hires Attorney on an as-requested basis as its legal counsel with respect to matters the Client refers to Attorney. When Client refers a matter to Attorney, Attorney shall confirm availability and ability to perform legal services regarding the matter. After Attorney has completed services for the specific matter referred by Client, then no continuing attorney-client relationship exists unless Client requests further services and Attorney accepts a new engagement. If Attorney undertakes to provide legal services to represent Client in such matters, Attorney shall keep Client informed of significant developments and respond to Client’s inquiries regarding those matters. Client understands that Attorney cannot guarantee any particular results, including the costs and expenses of representation. Client agrees to be forthcoming with Attorney, to cooperate with Attorney in protecting Client’s interests, to keep Attorney fully informed of developments material to Attorney’s representation of client, and to abide by this Agreement. Client is hereby advised of the right to seek independent legal advice regarding this Agreement.
2. **RATES TO BE CHARGED.** Client agrees to pay Attorney for services rendered based on the attached rate schedule. Agreements for legal fees on other-than-an-hourly basis may be made by mutual agreement for special projects (including as set forth in future addenda to this Agreement).
3. **REIMBURSEMENT.** Client agrees to reimburse Attorney for actual and necessary expenses and costs incurred in the course of providing legal services to Client, including but not limited to expert, consultant, mediation, arbitration fees and e-discovery service fees. Attorney shall not be required to advance costs on behalf of Client over the amount of \$1,000 unless otherwise agreed to in writing by Attorney. Typical expenses advanced for Client, without prior authorization, include messenger fees, witness fees, expedited delivery charges, travel expenses, court reporter fees and transcript fees. Client authorizes Attorney to retain experts or consultants to perform services necessary to represent Client for a specific matter.
4. **MONTHLY INVOICES.** Attorney shall send Client a statement for fees and costs incurred every calendar month (the “Statement”). Statements shall set forth the amount, rate and description of services provided. Client shall pay Attorney’s Statements within thirty (30) calendar days after receipt. An interest charge of one percent (1%) per month shall be assessed on balances that are more than thirty (30) calendar days past due, not to exceed 10% per annum.

5. **COMMUNICATIONS BETWEEN ATTORNEY AND CLIENT.** The Parties recognize that all legal advice provided by Attorney is protected by the Attorney-Client and Work Product Privileges. In addition to regular telephone, mail and other common business communication methods, Client hereby authorizes Attorney to use facsimile transmissions, cellular telephone calls and text, unencrypted email, and other electronic transmissions in communicating with Client. Unless otherwise instructed by Client, any such communications may include confidential information.

6. **POTENTIAL AND ACTUAL CONFLICTS OF INTEREST.** If Attorney becomes aware of any potential or actual conflict of interest between Client and one or more other clients represented by Attorney, Attorney will comply with applicable laws and rules of professional conduct.

7. **INDEPENDENT CONTRACTOR.** Attorney is an independent contractor and not an employee of Client.

8. **TERMINATION.**

a. Termination by Client. Client may discharge Attorney at any time, with or without cause, by written notice to Attorney.

b. Termination by Mutual Consent or by Attorney. Attorney may terminate its services at any time with Client's consent or for good cause. Good cause exists if (a) Client fails to pay Attorney's Statement within sixty (60) calendar days of its date; (b) Client fails to comply with other terms and conditions of this Agreement, including Client's duty to cooperate with Attorney in protecting Client's interests; (c) Client has failed to disclose material facts to Attorney; or (d) any other circumstance exists that requires termination of this engagement under the ethical rules applicable to Attorney. Additionally, to the extent allowed by law, Attorney may decline to provide services on new matters or may terminate the Agreement without cause upon written notice to Client if Attorney is not then providing any legal services to Client. Even if this Agreement is not terminated, under paragraph 1, an attorney-client relationship exists only when Attorney is providing legal services to Client.

c. Following Termination. Upon termination by either Party: (i) Client shall promptly pay all unpaid fees and costs for services provided or costs incurred pursuant to this Agreement up to the date of termination; (ii) unless otherwise required by law or agreed to by the Parties, Attorney will provide no legal services following notice of termination; (iii) Client will cooperate with Attorney in facilitating the orderly transfer of any outstanding matters to new counsel, including promptly signing a substitution of counsel form at Attorney's request; and (iv) Client shall, upon request, be provided the Client's file documents maintained for the Client by Attorney and shall sign acknowledgment of receipt upon delivery of that file. For all Statements received by Client from Attorney prior to the date of termination, Client's failure to notify Attorney in writing of any disagreement with either the services performed or the charges for those services as shown in the Statement within thirty (30) calendar days of the date of

termination shall be deemed Client's acceptance of and agreement with the Statement. For any billing appearing for the first time on a Statement received by Client from Attorney after the date of termination, failure to notify Attorney in writing of any disagreement with either the services performed or the charges for those services within thirty (30) calendar days from receipt of the Statement shall be deemed to signify Client's acceptance of and agreement with the Statement.

9. **MAINTENANCE OF INSURANCE.** Attorney agrees that, during the term of this Agreement, Attorney shall maintain commercial liability and professional errors and omissions insurance.

10. **CONSULTANT SERVICES.** Attorney works with professional consultants that provide services, including but not limited to, investigations, public relations, educational consulting, leadership mentoring and development, financial, budgeting, management auditing, board/superintendent/chancellor relations, administrator evaluation and best practices, and intergovernmental relations. Attorney does not share its legal fees with such consultants. Attorney may offer these services to Client upon request.

11. **DISPUTE RESOLUTION.**

a. **Mediation.** Except as otherwise set forth in this section, Client and Attorney agree to make a good faith effort to settle any dispute or claim that arises under this Agreement through discussions and negotiations and in compliance with applicable law. In the event of a claim or dispute, either Party may request, in writing to the other Party, to refer the dispute to mediation. This request shall be made within thirty (30) calendar days of the action giving rise to the dispute. Upon receipt of a request for mediation, both Parties shall make a good faith effort to select a mediator and complete the mediation process within sixty (60) calendar days. The mediator's fee shall be shared equally between Client and Attorney. Each Party shall bear its own attorney fees and costs. Whenever possible, any mediator selected shall have expertise in the area of the dispute and any selected mediator must be knowledgeable regarding the mediation process. No person shall serve as mediator in any dispute in which that person has any financial or personal interest in the outcome of the mediation. The mediator's recommendation for settlement, if any, is non-binding on the Parties. Mediation pursuant to this provision shall be private and confidential. Only the Parties and their representatives may attend any mediation session. Other persons may attend only with the written permission of both Parties. All persons who attend any mediation session shall be bound by the confidentiality requirements of California Evidence Code section 1115, et seq., and shall sign an agreement to that effect. Completion of mediation shall be a condition precedent to arbitration, unless the other Party refuses to cooperate in the setting of mediation.

b. **Dispute Regarding Fees.** Any dispute as to attorney fees and/or costs charged under this Agreement shall to the extent required by law be resolved under the California Mandatory Fee Arbitration Act (Bus. & Prof. Code §§ 6200, et seq.).

c. Binding Arbitration. Except as otherwise set forth in section (b) above, Client and Attorney agree to submit all disputes to final and binding arbitration, either following mediation which fails to resolve all disputes or in lieu of mediation as may be agreed by the Parties in writing. Either Party may make a written request to the other for arbitration. If made in lieu of mediation, the request must be made within sixty (60) calendar days of the action giving rise to the dispute. If the request for arbitration is made following an unsuccessful attempt to mediate the Parties' disputes, the request must be made within ten (10) calendar days of termination of the mediation. The Parties shall make a good faith attempt to select an arbitrator and complete the arbitration within ninety (90) calendar days. If there is no agreement on an arbitrator, the Parties shall use the Judicial Arbitration and Mediation Service (JAMS). The arbitrator's qualifications must meet the criteria set forth above for a mediator, except, in addition, the arbitrator shall be an attorney or a retired judge, unless otherwise agreed by the Parties. The arbitrator's fee shall be shared equally by both Parties. Each Party shall bear its own attorney fees and other costs. The arbitrator shall render a written decision and provide it to both Parties. The arbitrator may award any remedy or relief otherwise available in court and the decision shall set forth the reasons for the award. The arbitrator shall not have any authority to amend or modify this agreement. Any arbitration conducted pursuant to this paragraph shall be governed by California Code of Civil Procedure sections 1281, et seq. By signing this Agreement, Client acknowledges that this agreement to arbitrate results in a waiver of Client's right to a court or jury trial for any fee dispute or malpractice claim. This also means that Client is giving up Client's right to discovery and appeal. If Client later refuses to submit to arbitration after agreeing to do so, Client may be ordered to arbitrate pursuant to the provisions of California law. Client acknowledges that before signing this Agreement and agreeing to binding arbitration, Client is entitled, and has been given a reasonable opportunity, to seek the advice of independent counsel.

d. Effect of Termination. The terms and conditions of this section shall survive the termination of the Agreement.

12. **ENTIRE AGREEMENT.** This Agreement with its Professional Rate Schedule attached supersedes any and all other prior or contemporaneous oral or written agreements between the Parties. Each Party acknowledges that no representations, inducements, promises or agreements have been made by any person which are not incorporated herein, and that any other agreements shall be void. Furthermore, any modification of this Agreement shall only be effective if in writing signed by the Parties.

13. **SEVERABILITY.** Should any provision of this Agreement be held by a court of competent jurisdiction to be invalid, void or unenforceable, but the remainder of the Agreement can be enforced without failure of material consideration to any Party, then this Agreement shall not be affected and it shall remain in full force and effect, unless amended or modified by mutual consent of the Parties; provided, however, that if the invalidity or unenforceability of any provision of this Agreement results in a material failure of consideration, then, to the extent allowed by law, the Party adversely affected thereby shall

have the right in its sole discretion to terminate this Agreement upon providing written notice of such termination to the other Party.

14. NON-WAIVER. None of the provisions of this Agreement shall be considered waived by either Party unless such waiver is specified in writing.

15. NO THIRD PARTY RIGHTS. This Agreement shall not create any rights in, or inure to the benefit of, any third party.

16. ASSIGNMENT. The terms and conditions of this Agreement may not be assigned to any third party. Neither Party may assign any right of recovery under or related to the Agreement to any third party.

17. EXECUTION IN COUNTERPARTS; SIGNATURES. This Agreement may be executed in counterparts with signatures appearing on separate signature pages. A copy, or an original, with all signatures appended together shall be deemed a fully executed Agreement. Signatures transmitted by facsimile or electronic image shall be deemed original signatures and binding on the Parties.

WHEREFORE, the Parties hereto, by their signatures below, enter into this Agreement pursuant to the above terms and conditions as of the Effective Date.

MADERA COUNTY MOSQUITO AND VECTOR CONTROL DISTRICT
PERSONNEL POSITION CLASSIFICATION
Policy # 2301

Job Title: Director of Science and Communications

Reports To: District Manager/Board of Trustees

FLSA Status: Exempt

Location: Madera County Mosquito and Vector Control District

Approved by/Date: MVCD Board of Trustees – June 16, 2026

DESCRIPTION

Appointed by the Board of Trustees, the Director of Science and Communications plans, organizes, manages, provides oversight, and directs the District's scientific, technical, laboratory, surveillance, research, and science-communication functions. The position serves as the District's lead scientific authority and principal advisor on mosquito biology, vector ecology, vector-borne disease surveillance, pesticide efficacy and resistance, applied research, public health risk communication, and evidence-based vector management strategy. The Director also provides technical review authority over public-facing scientific, technical, and public health communications to ensure information released by the District is accurate, evidence-based, and understandable to the general public.

The Director of Science and Communications is responsible for the management and operation of the District's laboratory and scientific functions, including oversight of laboratory staff, research projects, surveillance and testing programs, technical operations, quality control, laboratory safety, regulatory compliance, and records maintenance. The Director exercises direct supervision over laboratory personnel and has primary responsibility for the planning, implementation, and administration of the District's scientific and laboratory activities.

DEFINITION

This is a management classification responsible for planning, managing, and participating in all activities of the District's science, surveillance, laboratory, and science-communication functions, including short- and long-range planning, development and administration of program policies and procedures, technical reporting, staff supervision, regulatory coordination, and public health messaging. Successful performance of the work requires deep knowledge of mosquito and vector control operations, the ability to interpret scientific findings for operational and public audiences, and the ability to lead complex projects with a high degree of independence.

SUPERVISION RECEIVED AND EXERCISED

The Director of Science and Communications is under the general supervision of the District Manager and may receive policy direction from the Board of Trustees, acting as a body, regarding laboratory and scientific programs. The Director of Science and Communications exercises direct supervision over laboratory staff and other scientific, technical, surveillance, seasonal, or support personnel assigned to the science and communications functions of the District. Exercises technical review authority over all District scientific, technical, and public health communications prepared for public dissemination, including materials prepared by the Public Information Officer.

GENERAL DUTIES

- Assumes management responsibility for the District's scientific, technical, laboratory, surveillance, research, and science-communication programs, services, and activities.

- Participates in the development and implementation of goals, objectives, policies, procedures, and work standards for assigned program areas; establishes appropriate service, staffing, and resource priorities within District policy.
- Plans, organizes, directs, and evaluates mosquito collection and surveillance, vector-borne disease and virus surveillance, insecticide efficacy and resistance monitoring, scientific research, laboratory operations, and related technical programs.
- Designs, manages, and adapts scientific surveillance programs according to changing mosquito abundance, invasive species activity, disease ecology, environmental conditions, and District operational needs.
- Oversees the collection, processing, identification, analysis, interpretation, and reporting of vector surveillance data; evaluates the public health significance of vectors collected and develops recommendations for operational response.
- Oversees laboratory operations to ensure accurate and consistent surveillance and testing procedures, quality assurance, quality control, safety, records maintenance, and adherence to established technical protocols.
- Develops, conducts, coordinates, and evaluates scientific research projects and special studies intended to improve District operations, integrated vector management, and public health preparedness.
- Oversees testing of pesticides and control products to determine efficacy, field performance, best application practices, impacts on non-target organisms, and resistance of vectors; interprets surveillance and pesticide data to advise District operations and guide vector management efforts and endangered species conservation.
- Collaborates with operations personnel to develop, evaluate, and refine vector control strategies; provides scientific recommendations regarding surveillance priorities, product selection, application timing, environmental considerations, and response thresholds.
- Prepares, reviews, and presents technical reports, staff reports, management updates, grant materials, publications, presentations, and recommendations associated with the District's scientific and communications programs.
- Selects, trains, mentors, and oversees assigned staff; evaluates work for acceptability and conformance with department standards; identifies training needs; encourages professional growth; and addresses performance issues as appropriate.
- Contributes to the overall quality of District services by reviewing and implementing policies and procedures to meet District needs, legal requirements, and professional standards; monitors service delivery methods and identifies opportunities for improvement.
- Monitors legal, regulatory, scientific, and technological developments that may affect assigned programs and recommends changes to equipment, training, procedures, or program direction as needed.
- Assists in the preparation of State-mandated reports to comply with National Pollutant Discharge Elimination System (NPDES), Endangered Species Act (ESA), California Environmental Quality Act (CEQA), State Water Resources Control Board, and other environmental guidelines and regulations; prepares permit applications on behalf of the District for State approval to apply pesticide control agents; prepares non-source pollution discharge reports; and submits reports to

regulatory agencies upon approval from the Board of Trustees or designated administrative authority.

- Represents the department and the District before elected officials, community groups, professional organizations, regulatory agencies, academic institutions, and outside partners; explains and interprets departmental programs, policies, surveillance findings, and activities; and assists in negotiating and resolving significant and controversial issues.
- Provides scientific oversight and technical review of public education materials, brochures, websites, social media content, talking points, presentations, press releases, and other public-facing communications related to mosquito biology, vector-borne disease, surveillance findings, and District activities.
- Works closely with the Public Information Officer to validate the scientific accuracy, clarity, and consistency of verbal and written public messaging prior to release to the public, media, partner agencies, schools, and community organizations.
- Answers questions, concerns, and complaints from the public concerning vector issues or District activities and assists with scientifically accurate, clear, and practical resolutions or recommendations.
- Plans, promotes, and participates in community meetings, public education events, media interactions, school programs, legislative briefings, and outreach activities to improve public awareness of vectors, vector-borne diseases, and District functions.
- Collaborates with universities, researchers, public health departments, and partner agencies in the development and execution of research projects, surveillance initiatives, grant proposals, and technical consultations.
- Directs the development and coordination of continuing education and training for scientific, laboratory, surveillance, and related District personnel, and monitors applicable certification needs and professional standards.
- Maintains current knowledge of developments in entomology, vector ecology, epidemiology, pesticide science, resistance management, public health communication, and related fields through professional associations, training, conferences, seminars, and review of current literature.
- Oversees the maintenance of working and official departmental files, scientific databases, laboratory records, standard operating procedures, and technical documentation.
- Ensures staff compliance with all District and mandated safety rules, regulations, and protocols.
- May perform the work of a Biologist or related technical classification as circumstances require.
- Performs other related duties as assigned.

QUALIFICATIONS

Knowledge of:

- Administrative principles and practices, including goal setting, program development, implementation, evaluation, and supervision of staff.
- Principles and practices of leadership, team management, employee supervision, performance evaluation, and professional development.
- Functions, authority, and responsibilities of an elected Board of Trustees and the operation of a California special district.

- Biology, ecology, epidemiology, microbiology, immunology, public health entomology, vector ecology, and vector-borne disease surveillance.
- Mosquito species identification, biology, habitats, seasonal abundance, behavior, and public health significance.
- Mosquito surveillance, disease surveillance, integrated vector management, outbreak response, insecticide efficacy evaluation, and resistance monitoring.
- Biological, chemical, and physical science principles at a working professional level, including algebra, statistics, and biostatistics.
- Research methods and techniques; scientific data collection, management, interpretation, visualization, and recordkeeping.
- Laboratory operations, quality assurance, quality control, safety procedures, insectary functions, and technical documentation.
- Federal, state, and local laws, codes, rules, regulations, and guidelines relevant to assigned responsibilities, including NPDES, CEQA, and pesticide-related permitting and reporting requirements.
- Principles of public information, science communication, community outreach, risk communication, and the translation of complex technical information for public audiences.
- Correct English usage, spelling, grammar, punctuation, and the principles of composition and report writing.
- Modern office, laboratory, and communication tools used for program management, project coordination, data analysis, mapping, presentations, and written communication.

Ability to:

- Develop and implement goals, objectives, practices, policies, procedures, and work standards for assigned programs.
- Provide administrative, technical, and professional leadership for the District's scientific and communications functions.
- Plan, organize, manage, and coordinate the work of professional, technical, seasonal, and support personnel; delegate authority and responsibility appropriately.
- Select, supervise, train, mentor, and evaluate staff in a constructive, objective, and professional manner.
- Analyze complex data sets and scientific findings and translate them into actionable operational recommendations and clear public messaging.
- Design scientific studies; conduct or oversee technical evaluations; write publications; and deliver effective presentations to the Board, staff, agencies, and the public.
- Interpret, apply, explain, and ensure compliance with federal, state, and local policies, procedures, laws, regulations, and permit conditions.
- Prepare clear and concise reports, correspondence, policies, procedures, grant materials, and other written documents suitable for distribution with minimal revision.
- Understand, communicate, and implement complex scientific, vector control, and epidemiological concepts and methodologies within both technical and public settings.
- Effectively represent the District in meetings with governmental agencies, contractors, vendors, community groups, regulatory organizations, academic partners, and elected officials.

- Attends and participates in professional group meetings; stays abreast of new trends and innovations in the fields of mosquito collection and surveillance, pesticide research and application, vector-borne disease and virus surveillance, and vector control research; participates in political advocacy and general outreach on national, state, and local levels; maintains certifications by attending technical and job-related training sessions, seminars, and continuing education classes; attends management meetings.
- Use tact, initiative, prudence, and independent judgment within general policy, procedural, and legal guidelines.
- Establish, maintain, and foster positive and effective working relationships with those contacted in the course of work.
- Respond effectively to public inquiries, complaints, and controversial situations with professionalism, accuracy, and courtesy.
- Organize and prioritize a variety of projects and multiple tasks in an effective and timely manner; meet critical deadlines and adapt to changing conditions.

EDUCATION AND EXPERIENCE

Any combination of training and experience that would provide the required knowledge, skills, and abilities is qualifying. A typical way to obtain the required qualifications would be:

Education: Equivalent to a bachelor's degree from an accredited college or university with major coursework in biology, entomology, public health, epidemiology, zoology, ecology, environmental science, microbiology, or a related field. **A master's or PhD degree in biology, entomology, public health, invertebrate physiology, epidemiology, or a related field is preferred.**

Experience: At least three (3) years of increasingly responsible experience in vector ecology, vector control, public health surveillance, laboratory operations, applied research, science communication, or a related field, including at least two (2) years of supervisory, program leadership, or management experience.

LICENSES AND CERTIFICATIONS

- Possession of a valid California Driver's License, to be maintained throughout employment.
- Possession of, or successful acquisition within twelve (12) months of appointment, valid California Department of Public Health certifications in Public Health Vector Control Categories A, B, C, and D, to be maintained throughout employment.
- Successful completion of any required pre-employment physical examination, drug screening, background investigation, and other employment-related clearances required by District policy.

FUNCTIONAL REQUIREMENTS

- Must possess mobility to work in a standard office and laboratory setting; use standard office, laboratory, and computer equipment; operate a motor vehicle; and visit various District sites.
- Vision to read printed materials, inspect specimens, review a computer screen, and perform close visual work associated with mosquito identification and laboratory procedures; hearing and speech to communicate in person and over the telephone.

- Finger dexterity and manual coordination to access, enter, and retrieve data using a computer keyboard, calculator, laboratory equipment, and small tools; ability to manipulate and examine small objects.
- Ability to sit for extended periods of time and, as needed, stand, walk, bend, stoop, kneel, reach, push, pull, and traverse uneven ground such as fields, dirt banks, stream beds, shallow ponds, channels, and similar terrain.
- Ability to occasionally lift, carry, or move equipment and materials associated with field, laboratory, and outreach activities, typically up to 50 pounds with or without assistance.

ENVIRONMENTAL AND WORKING CONDITIONS

- Employees work in office, laboratory, field, vehicle, and public meeting environments with moderate noise levels and may be exposed to outdoor weather conditions, direct sun, heat, wet or humid conditions, uneven terrain, shallow water, pesticides, communicable diseases and other biohazardous materials, fumes or airborne particles, moving mechanical parts, and verbally abusive or hostile individuals.
- Occasional evening, weekend, holiday, or emergency response work may be required as job duties demand.
- Reasonable accommodations may be made to enable qualified individuals with disabilities to perform the essential functions of the position.

AMENDMENT TO CONTRACT

Between the
Board of Administration
California Public Employees' Retirement System
and the
Board Of Trustees
Madera County Mosquito and Vector
Control District

The Board of Administration, California Public Employees' Retirement System, hereinafter referred to as Board, and the governing body of the above public agency, hereinafter referred to as Public Agency, having entered into a contract effective October 1, 1972, and witnessed September 26, 1972, and as amended effective January 1, 1973, and July 1, 1998, which provides for participation of Public Agency in said System, Board and Public Agency hereby agree as follows:

- A. Paragraphs 1 through 9 are hereby stricken from said contract as executed, effective July 1, 1998, and hereby replaced by the following paragraphs numbered 1 through 12 inclusive:
1. All words and terms used herein which are defined in the Public Employees' Retirement Law shall have the meaning as defined therein unless otherwise specifically provided. "Normal retirement age" shall mean age 55 for classic local miscellaneous members and age 62 for new local miscellaneous members.

2. Public Agency shall participate in the Public Employees' Retirement System from and after October 1, 1972, making its employees as hereinafter provided, members of said System subject to all provisions of the Public Employees' Retirement Law except such as apply only on election of a contracting agency and are not provided for herein and to all amendments to said Law hereafter enacted except those, which by express provisions thereof, apply only on the election of a contracting agency.
3. Public Agency agrees to indemnify, defend and hold harmless the California Public Employees' Retirement System (CalPERS) and its trustees, agents and employees, the CalPERS Board of Administration, and the California Public Employees' Retirement Fund from any claims, demands, actions, losses, liabilities, damages, judgments, expenses and costs, including but not limited to interest, penalties and attorney fees that may arise as a result of any of the following:
 - (a) Public Agency's election to provide retirement benefits, provisions or formulas under this Contract that are different than the retirement benefits, provisions or formulas provided under the Public Agency's prior non-CalPERS retirement program.
 - (b) Any dispute, disagreement, claim, or proceeding (including without limitation arbitration, administrative hearing, or litigation) between Public Agency and its employees (or their representatives) which relates to Public Agency's election to amend this Contract to provide retirement benefits, provisions or formulas that are different than such employees' existing retirement benefits, provisions or formulas.
 - (c) Public Agency's agreement with a third party other than CalPERS to provide retirement benefits, provisions, or formulas that are different than the retirement benefits, provisions or formulas provided under this Contract and provided for under the California Public Employees' Retirement Law.
4. Employees of Public Agency in the following classes shall become members of said Retirement System except such in each such class as are excluded by law or this agreement:
 - a. Employees other than local safety members (herein referred to as local miscellaneous members).

5. In addition to the classes of employees excluded from membership by said Retirement Law, the following classes of employees shall not become members of said Retirement System:

- a. **SAFETY EMPLOYEES.**

6. Prior to January 1, 1975, those members who were hired by Public Agency on a temporary and/or seasonal basis not to exceed 6 months were excluded from PERS membership by contract. Government Code Section 20305 supersedes this contract provision by providing that any such temporary and/or seasonal employees are excluded from PERS membership subsequent to January 1, 1975.
 7. The percentage of final compensation to be provided for each year of credited prior and current service as a classic local miscellaneous member shall be determined in accordance with Section 21354 of said Retirement Law subject to the reduction provided therein for Federal Social Security (2% at age 55 Modified).
 8. The percentage of final compensation to be provided for each year of credited prior and current service as a new local miscellaneous member shall be determined in accordance with Section 7522.20 of said Retirement Law (2% at age 62 Supplemental to Federal Social Security).
 9. Public Agency shall contribute to said Retirement System the contributions determined by actuarial valuations of prior and future service liability with respect to local miscellaneous members of said Retirement System.
 10. Public Agency shall also contribute to said Retirement System as follows:
 - a. A reasonable amount, as fixed by the Board, payable in one installment within 60 days of date of contract to cover the costs of administering said System as it affects the employees of Public Agency, not including the costs of special valuations or of the periodic investigation and valuations required by law.
 - b. A reasonable amount, as fixed by the Board, payable in one installment as the occasions arise, to cover the costs of special valuations on account of employees of Public Agency, and costs of the periodic investigation and valuations required by law.
 11. Contributions required of Public Agency and its employees shall be subject to adjustment by Board on account of amendments to the Public Employees' Retirement Law, and on account of the experience under the Retirement System as determined by the periodic investigation and valuation required by said Retirement Law.

12. Contributions required of Public Agency and its employees shall be paid by Public Agency to the Retirement System within fifteen days after the end of the period to which said contributions refer or as may be prescribed by Board regulation. If more or less than the correct amount of contributions is paid for any period, proper adjustment shall be made in connection with subsequent remittances. Adjustments on account of errors in contributions required of any employee may be made by direct payments between the employee and the Board.
