Important Messages

Paying Interest: You have a 24 to 30 day interest-free period for Purchases provided you have paid your previous balance in full by the Payment Due Date shown on your monthly Account statement. In order to avoid additional INTEREST CHARGES on Purchases, you must pay your new balance in full by the Payment Due Date shown on the front of your monthly Account statement.

There is no interest-free period for transactions that post to the Account as Advances or Balance Transfers except as provided in any Offer Materials. Those transactions are subject to interest from the date they post to the Account until the date they are paid in full.

Effective November 2, 2026, the Arbitration Provision section of your Cardmember Agreement is changed as follows: the first sentence of the second paragraph in the Arbitration Procedure section is changed to read, "At the time of initiating arbitration, the party seeking to initiate arbitration must serve the other party with the demand for arbitration and identify the account holder(s) and account(s) at issue, including the

account number(s), and provide a short and plain statement of the claims asserted and the relief sought."

Rules and rates

You may be eligible for a lower rate. Find out about optional rates or view a complete list of rules and rates, visit www.pge.com or call 1-800-743-5000.

If you believe there is an error on your bill, please call 1-800-743-5000 to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch (CAB), 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, 1-800-649-7570 or 7-1-1 (8:30 AM to 4:30 PM, Monday through Friday) or by visiting www.cpuc.ca.gov/complaints/.

To avoid having service turned off while you wait for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

If you are not able to pay your bill, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

Important definitions

Rotating outage blocks are subject to change without advance notice due to operational conditions.

Demand charge: Many non-residential rates include a demand charge. Demand is a measurement of the highest usage of electricity in any single fifteen (or sometimes five) minute period during a monthly billing cycle. Demand is measured in kilowatts (or kW). High demand is usually associated with equipment start-up. By spreading equipment start-ups over a longer period of time, you may be able to lower demand and reduce your demand charges.

Time-of-use electric prices are higher every day during afternoons and evenings, and lower at other times of the day. Prices also change by season, with higher prices in the summer and lower prices in the winter.

Wildfire Fund Charge: Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.

Power Charge Indifference Adjustment (PCIA): The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. Visit www.pge.com/cca.

Wildfire Hardening Charge: PG&E has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. Your bill for electric service includes a fixed recovery charge called the Wildfire Hardening Charge that has been approved by the CPUC to repay those bonds. The right to recover the Wildfire Hardening Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to PG&E. PG&E is collecting the Wildfire Hardening Charge on behalf of the Special Purpose Entity. For details visit: www.pge.com/tariffs/assets/pdf/tariffbook/ELEC_PRELIM_JF.pdf.

Recovery Bond Charge/Credit: Your bill for electric service includes a charge that has been approved by the CPUC to repay bonds issued for certain costs related to catastrophic wildfires. The Recovery Bond Charge (RBC) rate is currently \$0.00857 per kWh. PG&E has also contributed certain amounts to a trust fund which is used to provide a customer credit equal to \$0.00857 per kWh (Recovery Bond Credit). The right to recover the RBC has been transferred to one or more Special Purpose Entities that issued the bonds and does not belong to PG&E. PG&E is collecting that portion of the RBC on behalf of the Special Purpose Entities.

Gas Public Purpose Program (PPP) Surcharge. Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

Explanation of Calculations

This is a monthly reconciled NEM statement. Your Total NEM Charges are shown in the table below. Your last monthly bill of the True-Up period (True-Up Statement) will occur in (05/2027).

YTD NEM Charges Before Taxes	\$3,831.44
YTD Non-Bypassable Charges	669.52
Previously Billed NEM Charges	0.00
Total NEM Charges	\$3,831.44

Calculation details: Each monthly billing period, you will see your YTD NEM Charges, which represent the total charges for energy used, net of any credits for energy exported to the power grid. Each month, the amount owed will be determined by the charges and credits you accrued since the beginning of your Annual True-Up period. The Annual True-Up process allows you to use credits generated in a given month to offset charges across other monthly billing periods within the year. The amount owed in a given month or True-Up period, however, cannot be lower than the sum of your YTD State Mandated Non-Bypassable Charges. In addition, generation is always charged, if positive.

To calculate what is owed in a given monthly billing period, the greater of the following Year-to-Date (YTD) charges accrued since the start of your Annual True-Up period is determined:

1) YTD NEM Charges Before Taxes (inclusive of Generation Charges¹)

All Previously Billed NEM Charges within the current Annual True-up period are subtracted from your Total NEM Charges. If your Previously Billed NEM Charges are greater than your YTD NEM Charges, you will see a credit to your account. All charges and credits will be reset to zero at True-Up.

Fixed charges and demand charges are billed separately each month and cannot be offset by NEM energy credits.

¹ Generation Charges are commodity costs related to energy usage. You can go to pge.com/electricrates to find the generation component of your electric charges.

² Refer to the Details of NEM Charges page in this bill for more information about the State Mandated Non-Bypassable Charges.

Proposition 65 WARNING

The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the Governor to publish a list of chemicals known to the State of California to cause cancer, birth defects or other reproductive harm. It also requires California businesses to warn the public quarterly of potential exposures to these chemicals that result from their operations.

Pacific Gas and Electric Company (PG&E) uses chemicals in our operations that are known to the State of California to cause cancer, birth defects or other reproductive harm.

For example, PG&E delivers natural gas to our customers and uses natural gas and petroleum products in our operations. Natural gas and petroleum products contain benzene, a known carcinogen. PG&E also uses lead-based paint on some of our towers or other facilities at locations throughout PG&E's service territory and uses wooden utility poles treated with wood preservatives. Lead-based paint and wood preservatives contain chemicals known to cause cancer, birth defects or other reproductive harm.

For more information, go to www.p65warnings.ca.gov.

RESOLUTION NO. 242

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE MADERA COUNTY MOSQUITO AND VECTOR CONTROL DISTRICT APPROVING THE LEVY OF THE SPECIAL ASSESSMENT FOR SERVICES (TESORO VIEJO) FOR FISCAL YEAR 2026-2027.

WHEREAS, the Madera County Mosquito and Vector Control District (“District”) provides mosquito abatement and vector control services throughout portions of Madera County;

WHEREAS, new areas that are annexed to the District are subject to a special assessment to fund District services, as the property tax allocation is not shared by the County for newly added territory;

WHEREAS, in January 2015, the District commissioned an engineer’s report to establish a special benefit assessment that can be levied annually by the District to newly annexed territory in order to fund appropriate mosquito abatement and vector control services to these areas which were not previously served;

WHEREAS, on August 6, 2015, the authorized property owner for multiple properties within the Tesoro Viejo project consented to the levying of the special assessment for the District;

WHEREAS, on August 26, 2016, LAFCO approved the annexation of the Tesoro Viejo project to the District;

WHEREAS, on December 19, 2017, the Madera County Board of Supervisors approved multiple subdivision maps within the originally approved special assessment area;

WHEREAS, the District did thereafter levy and collect the first assessment and subsequent annual assessments for the special benefits and services provided by the District to the special assessment area;

WHEREAS, on June 16, 2026, the District adopted Resolution No. 240, declaring its intent to levy and collect the annual special assessment, and set a public hearing for its regular meeting on July 21, 2026;

WHEREAS, the District has considered the Engineer’s Report prepared by engineering firm Quad Knopf, Inc. for the special assessment area, which is on file with the District, and is hereby incorporated by this reference herein; and

WHEREAS, the District does not intend on increasing the rate of the special assessment previously approved during fiscal year 2024-2025 by Resolution No. 227.

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees of the District does hereby resolve as follows:

1. The above recitals are true and correct.
2. The public interest, convenience, and necessity require that the special assessment continue to be approved and collected.
3. The Engineer's Report for the special assessment together with the proposed assessment roll for fiscal year 2026-2027, attached hereto as **Exhibit A**, are hereby confirmed and approved.
4. That based on the oral and documentary evidence, including the Engineer's Report offered and received at the public hearing, the Board expressly finds and determines that: (a) each of the several lots and parcels of land subject to the special assessment will be specially benefited by the services to be financed by the assessment proceeds in at least the amount of the assessment apportioned against such lots and parcels of land, respectively; and (b) that there is substantial evidence to support, and the weight of the evidence preponderates in favor of, said finding and determination as to special benefit to property from the mosquito and disease control services to be financed with assessment proceeds.
5. The Board of Trustees does hereby approve the levy of the special assessment in the amount of \$89.22 per single-family unit within the special assessment area, in accordance with the Engineer's Report and the assessment roll for fiscal year 2026-2027.

The foregoing Resolution was approved and adopted at a regular meeting of the Board of Trustees of the Madera County Mosquito and Vector Control District held on the 21st day of July 2026, by the following vote:
